SUBJECT: Arms Control Impact Statements (ACIS)

The President has approved adding the Breeder Reactor program to the list of Approved FY 1979 Arms Control Analysis Topics which was published on October 6, 1977. This addition does not imply an Administration judgment as to whether future non-weapons technology programs require preparation of ACIS pursuant to Article 36 of the Arms Control and Disarmament Act.

The Breeder Reactor Analysis is to be processed in accordance with the October 6, 1977 ACIS Development Procedure, with the following exception: If the President decides that the completed Analysis is to be forwarded to the Congress, the manner of its submission and its title (ACIS, "evaluation," etc.) will be determined at that time.
